

Cab - 4000 Series

This Ventrac custom built cab fits the VENTRAC 4100 and 4200VXD Series Tractors. Designed to protect you from the snow, rain and cold weather this cab features: removable door with sliding windows, windshield wiper, marker lights, and strobe light.

An Optional Pusher Fan offers the operator heat from the radiator for maximum warmth and comfort with liquid cooled models. This rugged steel housing cab is built to last as well as protect.

Note:

- (A) The cab **can not** be used with the Ventrac KH500 loader attachment.
- (B) The 20A charge system of the 4125 and 4227 does not allow for continous operation of additional electric cab accessories in conjunction with the tractor lighting system. Continuous use may result in low battery voltage and/or ultimately ruin the battery.

Optional Accessories:

- Front & Rear Work Lights
- Reverse Flow Engine Fan for Heat
- Windshield Defroster Fan

Standard Features:

- Removable Single Door
- Mounts on ROPS
(Also fits fold-down roll bar)
- Windshield Wiper
- Strobe Light
- Marker Lights
- Easy Access Panel to Switches
