The Hydraulic Top Link is a great accessory to use with the Ventrac Category One 3-Point Hitch option. It allows for fast and easy mounting of attachments when used with the Ventrac 3-N-1 Hitch. (Blades, Slip Scoops, Terra Rake, etc.)

When used with standard 3-Point mounted attachments it allows for quick and easy adjustment forward and aft. Mounted to the 3-N-1 Adapter, it makes adjustment simple in varying conditions.

When the Hydraulic Top Link is used with the Ventrac 3-N-1 Hitch it requires using the rear remote outlets.

Note:

If you are also using an attachment that requires use of the rear outlets, on units prior to serial #4200-WEB2555 and #4100-KDC1391, accessory kit 39.56104 is required to give a second set of rear remote outlets.
