

The Ventrac Trailer Mover is an excellent tool for moving a trailer into tight spaces that you cannot fit your truck. Having the trailer in front of you makes it easier to maneuver because everything is in your line of sight rather than behind you. It's the simplest way to move a trailer, or any other equipment with a trailer coupler, around your property.

NOTE:

- **DO NOT** use on slopes
- Maximum Tow rating 1000 lbs
- The Ball Mount is **NOT** included

STANDARD FEATURES

- Exceptional Visibility
- Operator comfort.
