

LA162 Blower

TRACTOR COMPATIBILITY KEY:

3400

4500

The revolutionary LA162 Power Blowers feature a vertical shaft design that delivers a powerful, yet quiet performance. They can be used to remove leaves, light snow, water, and other debris.

The blower housing can be rotated 180 degrees with the standard hydraulic motor. This allows the operator to move debris in the desired direction without hindering operation. Two gauge wheels enable the Power Blower to follow the ground.
