LT 3000

3000

Good things come in small packages and the same is true for the Ventrac 3000.

Power-packed features include a V-Twin 21hp Air-cooled engine, All-Wheel-Drive, Power Steering, Hydrostatic Drive, Weight Transfer and more. The Ventrac **Minute Mount System** allows you to change attachments quickly and efficiently, moving from job to job with minimal effort.

Equipped with a patented Tandem Drivetrain, the 3000 efficiently transfers power to where it's needed for unparalleled performance and power.

Combine this with a tight 26 inch (66 cm) turning radius and you will find the 3000 can tackle jobs reserved for much larger, less maneuverable, machines.

Standard Features:

- All Wheel Drive
- Hydrostatic Drive
- Articulating/Oscillating Frame
- Weight Transfer System
- 21 HP OHV V-Twin Engine
- Foot Pedal

Optional Accessories:

- Roll Cage
- Rear Weight Assembly
- 12 volt power supply/switch control
- Arm Rests
- Dual Foot Controls
- Cab
