

New Product Release:
SPREADER
SS575

For Ventrac 4000 series tractors

Designed for Snow & Ice Management Applications

Featuring....

- 5.75 cu ft./ 460 lb capacity
- Variable Speed Electronic Controls
- Materials Spread:
 - Bagged Rock Salt
 - Calcium Flake
 - Bagged Ice melters (with optional gate)
 - Calcium Pellets (with optional gate)
 - Bulk Salt (with optional vibrator)
- Easy to clean polyethylene hopper
- Up to 25 feet spread

The **Ventrac SS575** spreader is designed for **Snow & Ice Management Applications**. It is used to spread materials such as **bagged rock salt** and **calcium flake**. With the optional gate installed, the SS575 can also spread **bagged ice melters** and **calcium pellets**. An optional vibrator kit also allows for **bulk salt** to be spread.

The SS575 spreader features a **5.75 cubic foot** hopper capable of carrying **460 lbs**. A see-through weather cover for the hopper comes standard. An **electronic control box** also comes standard and features an electronic speed control and On/Off switch.

An optional Drop Curtain is available for spreading material in tight quarters such as sidewalks, parking garages and more.
